

INCLUDED

-  Overview Instructions
-  7 digital files. Each file is a single row of the wholecloth design.
-  1 digital file which is a complete image of the entire design.

ROW 1
#LAPK10031-01

ROW 2
#LAPK10031-02

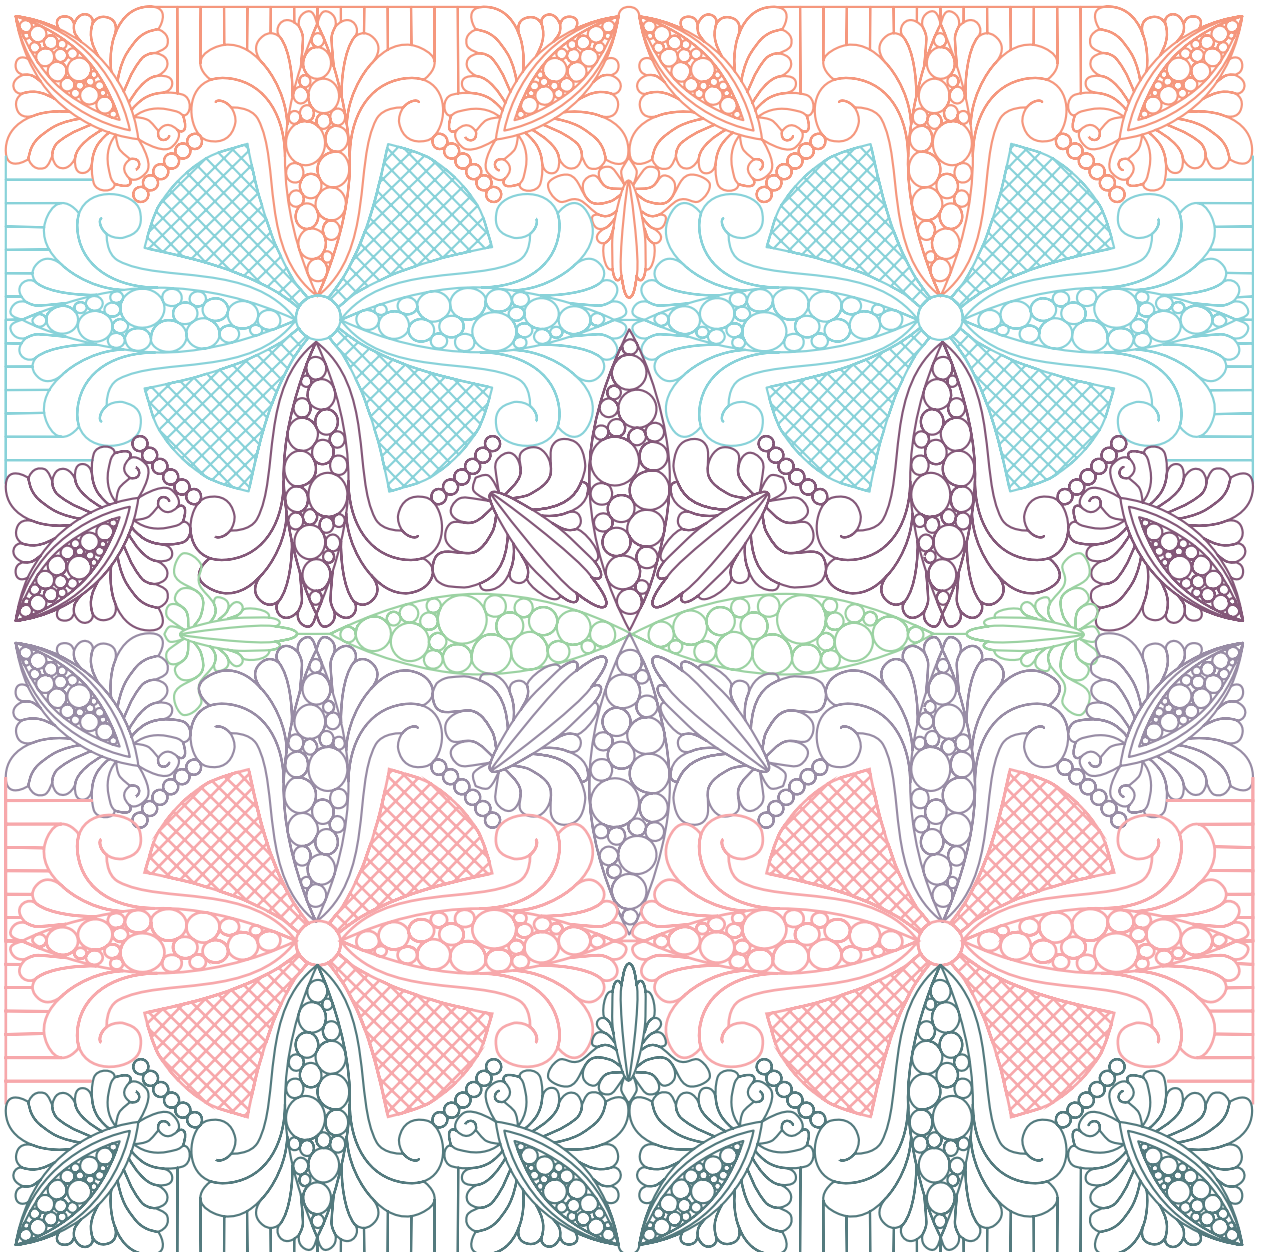

ROW 3
#LAPK10031-03

ROW 4
#LAPK10031-04

ROW 5
#LAPK10031-05

ROW 6
#LAPK10031-06

ROW 7
#LAPK10031-06

HOW TO USE

The tallest row/element (rows 2 and 6) are 11.16" x 40". If possible, stitch at the default size. If size adjustments are necessary, scale all rows equally.

Baste the entire quilt top and use side clamps for best results.

Ideally, if your robotic system allows, open all rows and arrange into the wholecloth.

When quilting, jump to each "next design" as appropriate.

Stitch rows in numerical order. Or, when centering the design on fabric, stitch from the horizontal center row working in this order:

Row 4 #LAPK10031-04

Row 3 #LAPK10031-03

Row 5 #LAPK10031-05

Row 2 #LAPK10031-02

Row 6 #LAPK10031-06

Row 1 #LAPK10031-01

Row 7 #LAPK10031-07

It may be necessary to press down on the stretched quilt top while the longarm stitches to insure proper stitch placement. Slight shifting is normal.

Notes
